Pay Pal

If you want to make a credit card donation to Silent Voices, you can do so from our website by using our Pay Pal account. There's a link on every page - it's easy and very secure!

Bridges To Motherhood

We want to say a HUGE "Thank You" to the Home Fellowships from Paseo Del Rey Church for giving our Bridges Moms an awesome Christmas party! They brought dinner - gifts - decorations - everything needed to make the Christmas meeting a wonderful night for our mothers.

We also want to thank all of those who gave gift cards - our moms were very excited when they received their cards, and already knew what they were going to buy with them. THANK YOU!

Please pray about our need for volunteers for this program - we ALWAYS need "helping hands" and loving hearts to minister to these special young ladies.

News From Kolchugino...

We'd like to share an update from our center in Kolchugino, Russia (as reported by Britny Havertape) -

"...the Lord has been continuing to use us in the hospitals four days/week to counsel and sit with the women who want to have an abortion. Many people are learning from the videos that we are showing at the hospitals. Last week no women showed for abortion at the hospital! Praise the Lord! We were also given some models this past month and Victoria (our Director) took them to the Director of the hospital and she was very excited about them and invited all the other doctors in to the office to look at them also.

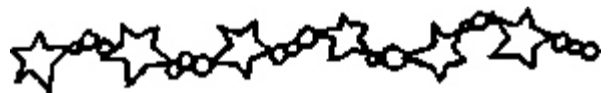

"We now may have the opportunity to serve in the schools and show the kids 15 and 16 years old some informational videos and share with them about abortion as well. We are learning more and more how much lack of information there is for the people of Russia and how much of a needed ministry it is just to inform them about life! We are blessed to have this open door from the Lord! Thank you for your support!"

Prayer and Fasting Team...

We're looking for a few "righteous" men and women to join our Prayer and Fasting Team. These supporters receive prayer requests daily, and fast and pray one day/month. Not everyone is able to fast food - but they've each found something that they can give up that one day/month that is a sacrifice, and keeps them focused on praying for the ministry. One gives up the car radio - another gives up coffee - and yet another gives up chocolate (for some of us that's a real sacrifice!).

We've seen God answer so many prayers - and often very quickly. We can't tell you how many times - and in how many ways - God has blessed our faithfulness to pray.

If you'd like to pray and fast for us one day/month, give us a call or send us an email, and we'll get you started!

Silent Voices in Volgograd...

Tatiana Shyshova is our Director in Volgograd - here's a portion of her latest report -

"I want to tell you about our visit to a clinic for teenagers addicted to drugs. I held a discussion on abortion and showed video-film "Human Life is the Greatest Wonder." The film is about development of human embryo inside mother's womb. At the talk there were only boys present aged 14-17. They listened to me and watched the film with great interest; they answered questions and realized that human life begins from the moment of conception and that abortion is in fact a murder. Every one of them said that he would like to have beautiful and modest brides, happy families and healthy children. They came to the conclusion that having sexual relationship before marriage is bad. I granted them pro-life brochures and ones issued by Silent Voices. I had a talk with a social worker from the clinic and we decided that I would come there every month because the children being treated from alcohol and drug addictions are different every time I come there."
