

Vision Statement

Silent Voices' Life-Saving vision is to make abortion unnecessary - and unwanted - by providing Real Choices, support, and education to strengthen family relationships in the South Bay and surrounding communities.

Mission Statement

We **Reach** abortion-vulnerable women, and families in need of parenting support.

We **Rescue** those who are reached by providing reproductive education, compassion, and social services.

We **Restore** those affected by abortion by providing a safe place where they can experience God's love and forgiveness.
